

## REMOTE LEARNING UPDATE- SPECIALS CLASSES (Kp-4)

Thank you, parents, for your flexibility and partnership as we navigate remote learning. Use this sheet as a guide for Beechwood's special classes.

- Activities will be posted on the days students usually would have that class.
- Most activities will be posted on Seesaw in the "Activities" section. Check it daily.

- To respond, click...  in the activity.
- Activities posted to Seesaw will be available for one week. Complete them at time that works for you.
- Specials Teachers regularly check student responses to Seesaw activities. However, for prompt response to questions and concerns use the preferred mode of contact below.

<b>Music</b>	<p>-- 2-3 times per week                      --Activities posted on Seesaw between 9-9:30 a.m. the morning of the class.                      --Lessons posted to Seesaw are usually links to YouTube playlists with videos created and/or curated by Miss Harrington.                      --Siblings in grades Kp-3 are encouraged to do their music lessons together.                      --Use Fridays to (1) complete a music assignment they didn't get to, (2) practice their class play materials, (3) revisit a favorite music lesson.                      --Note: Class plays are postponed, but will be showcased at a future date.                      --Questions? <a href="mailto:aharrington@beechwoodschool.org">aharrington@beechwoodschool.org</a></p>
<b>Spanish</b>	<p>--2 times per week                      --Check Seesaw Activities.                      --Feedback is given through Seesaw.                      --Grades 1-5 have books in Spanish. If you have them at home, use them as a resource to complete activities, add vocabulary and expand verbal skills.                      --Questions? <a href="mailto:jzapata@beechwoodschool.org">jzapata@beechwoodschool.org</a></p>
<b>Science</b>	<p><b>1st and 2nd grade - Ms. Morgan</b>                      --Conduct 1 science experiment a week and fill out the scientific method handout.                      --Capture a video of you conducting the experiment and post only to Seesaw.                      --Take a picture of the scientific method handout completely filled out and post only to Seesaw.                      --Post both assignment responses ONLY to Seesaw by Friday.                      --Questions? <a href="mailto:Mlee@beechwoodschool.org">Mlee@beechwoodschool.org</a></p> <p><b>4th grade - Ms. Still</b>                      --Visit <a href="http://stillscience.com">stillscience.com</a>                      --Click "Nature Study" for instructions.                      --Subscribe to the website for updates.                      --Questions? <a href="mailto:mstill@beechwoodschool.org">mstill@beechwoodschool.org</a></p>
<b>Art</b>	<p>--1st, 3rd and 5th grades on Mondays. Kinder and 2nd grade on Wednesdays.                      --Check Seesaw Activities and complete at your own pace.                      --Materials: Use what you have at home. Art Kits coming to your mailbox soon!                      --Zoom? Stay Tuned!                      --Questions? <a href="mailto:plangford@beechwoodschool.org">plangford@beechwoodschool.org</a></p>
<b>P.E.</b>	<p>Hello everyone, I'm back and getting up to speed with remote learning. I've been at school working on projects to improve our P.E. program once we are back on campus. I'll be popping into Zoom</p>

meetings soon and posting to Seesaw. See you soon! Questions?
