## International Walk to School Week, October 5<sup>th</sup>-9<sup>th</sup>, 2020

This year, due to COVID-19 and distance learning, the Menlo Park Safe Routes to School program invites you to celebrate the International Walk to School Week (October 5<sup>th</sup>-9<sup>th</sup>, 2020) by taking a walk to anywhere!

Here are some ideas of activities students can do from home with their families during the week.

- \* Discover the [Menlo Park Walk and Roll Activity Book](#) and learn more on walking and biking safety. Parents can check the Readiness checklist on page 18 to see if their child is ready to walk alone.
- \* Watch the Pedestrian Safe Journey Videos, available in English and Spanish, and take the quiz!  
Ages 5- to 9 [Click here](#)  
Ages 10 to 14 [Click here](#)  
Ages 15 to 18 [Click here](#)
- \* Take a walk! Share your experience and take a selfie or picture during your walk. You can walk with your family around the block, to your favorite local store and to the park. Test your route to school and check the [Walk and Roll Map](#) of your school to see suggested safe routes.
- \* Make a drawing related to walking to school: What do you like the most about walking? With whom do you usually walk? Your favorite places to walk? What are the benefits of walking for your health, the environment?

Don't forget to share your pictures and drawings by tagging @CityofMenloPark.
